A guide to Esmeralda's seven trials

MISSION

I

THE DESERT OF MORTAL SCORPIONS

WHAT ESMERALDA MUST FIND:

The Venom of the Queen Scorpion

THE TRIAL:

Courage and mercy

Esmeralda's first mission leads her into a burning desert ruled by giant scorpions and ancient fear. To find the venom of the Queen Scorpion, she must face a creature everyone believes to be only a monster. But in the desert, Esmeralda begins to learn that courage is not always about attacking first. Sometimes, the bravest choice is to listen before striking.

"In the desert, mercy may be more powerful than fear."

THE ADVENTURE HAS BEGUN.

MISSION
II

THE ISLAND OF THE SLEEPING DEAD

WHAT ESMERALDA
MUST FIND:

The Lumin Dagger

THE TRIAL:

Fear and compassion

Across dark waters lies an island where ancient soldiers sleep beneath a forgotten spell. The air is silent, the ruins are broken, and the past seems to breathe through the stones. To find the Lumin Dagger, Esmeralda must enter a place where fear whispers from every shadow — and discover that not everything sleeping is truly lost.

★ "Some mysteries do not need to be conquered. They need to be understood." ★

THE ADVENTURE CONTINUES.

MISSION
III

THE SNOW OF WISDOM

WHAT ESMERALDA MUST FIND:

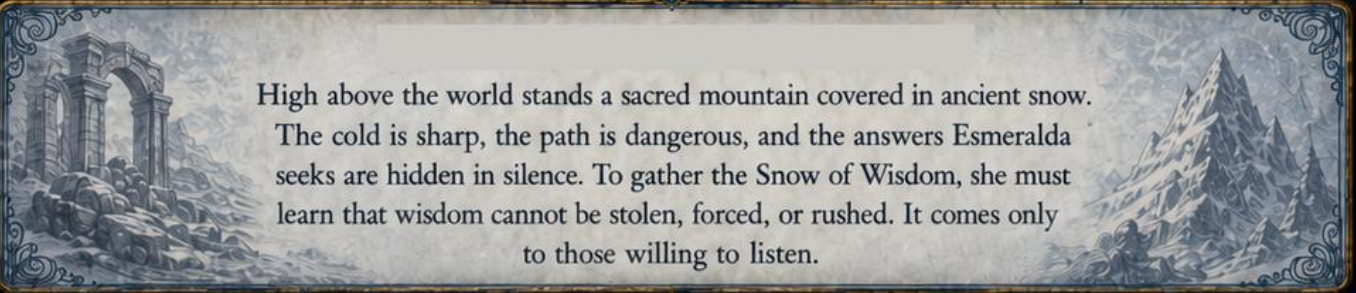

The Snow of Wisdom

THE TRIAL:

Patience and understanding

High above the world stands a sacred mountain covered in ancient snow. The cold is sharp, the path is dangerous, and the answers Esmeralda seeks are hidden in silence. To gather the Snow of Wisdom, she must learn that wisdom cannot be stolen, forced, or rushed. It comes only to those willing to listen.

The mountain does not answer the loudest voice. It answers the truest heart.

THE ADVENTURE DEEPENS.

MISSION
IV

THE ALPHA HYENA CHALLENGE

WHAT ESMERALDA MUST FIND:

The Black Hair of the Alpha Hyena

THE TRIAL:

Strength and respect

In a wild land of dust, stone, and amber skies, Esmeralda must face the Alpha Hyena. This mission is not only a test of survival. It is a test of respect. The Alpha Hyena is fierce, proud, and powerful — and Esmeralda must discover that true strength is not cruelty, but control.

To face the wild, Esmeralda must understand the strength behind the roar.

THE ADVENTURE GROWS WILDER.

THE MAZE CAVE OF THE WHITE DIAMOND

WHAT ESMERALDA
MUST FIND:

The White Diamond

THE TRIAL:

Clarity and perseverance

Deep inside a mountain lies a cave of stone, crystal, and shadow.
Its paths twist and return, its walls confuse the mind, and its silence tests the spirit.
At the heart of the maze waits the White Diamond,
but only those who keep their courage clear can reach it.

The greatest maze is not always built from stone.

THE QUEST GROWS DEEPER.

MISSION
VI

CAPTAIN ROOK GOLDHAND AND THE GOLD MAGIC SAND

WHAT ESMERALDA
MUST FIND:

The Gold Magic Sand

THE TRIAL:

Trust and cleverness

On dangerous waters, Esmeralda must seek Captain Rook Goldhand,
a pirate whose treasures are famous and whose bargains are never simple.
To find the Gold Magic Sand, she must navigate ships, secrets,
and choices where every promise may hide a trap.

*On pirate waters, courage is useful —
but cleverness may save your life.*

THE QUEST GROWS DEEPER.

MISSION

VII

THE PATH TO THE DOOR OF LIGHT

WHAT ESMERALDA MUST FIND:

The way to open the Door of Light

THE TRIAL:

Destiny and inner light

At the end of the journey stands the Door of Light. But before Esmeralda can reach it, she must face the Path Protector, an ancient knight hidden inside great armor and armed with a sword older than memory. This final mission will test everything she has learned — courage, mercy, wisdom, loyalty, and the light growing within her.

The final door does not open for power.
It opens for the heart that carries the light.

THE JOURNEY ENDS IN LIGHT.
